

TRI-CITIES CINEMA SEVEN

Tri-Cities Cinema Seven, located near Blountville (exit 66 off I-81) in the Factory Stores of America building, is simply the best theatre experience in the Tri-Cities area. The concept here is 'intimate cinema'. The Tri-Cities Cinema has a private party room and video arcade as well. In this atmosphere, surround sound actually works as it should. The seats lean back just enough for you to view the screen in comfort. And as you look around, you will notice that there is simply not a bad seat in the theatre due to the "Stealth Cinema Design". Stadium Cinema Design is a concept with curved pie-shaped rooms, stadium seating and wide aisles so that every seat gives you a perfect picture and room for your feet.

Now that you've chosen Tri-Cities Cinema Seven as your theatre of choice, what are you going to see? It can be a tough decision, deciding which of the seven hottest movies you want to see first. Oh, and don't forget to

bring your bag for the free popcorn if you choose to view a flick on a Tuesday.

Thank you Kingsport for voting us #1.
